EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows: In the amendment filed 6/24/04, claims 25 and 36 are canceled; however, there is no claim 36, but 26. It is understood that claim 36 is claim 26 since claims 25 and 26 are indicated as canceled claims in the applicant's remark, filed 6/24/04. Therefore, the examiner now cancels claim 26.

2. The following is an examiner's statement of reasons for allowance: claims 17-21 are allowed because applied prior art doesn't suggest or teach monitoring the backside of the semiconductor chip during etching until a portion of the backside over at least one doped well differs from a portion of the backside that is not over the at least one doped well.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to DuyVu n Deo whose telephone number is 571-272-1462. The examiner can normally be reached on 6:00-3:30; with alternate Friday off.
